## I. INTRODUCTION

The Campbell Community Center is a unique community service complex. The site, which formerly housed the city's only high school, was purchased by the City of Campbell from the Campbell Union High School District in August of 1985. The facility was purchased primarily for the purpose of preserving its open space and recreational facilities for the use and enjoyment of the citizens of Campbell. An added highlight was the preservation of the beautiful historic buildings that front Campbell Avenue. Many of the classroom buildings are leased to various non-profit organizations, educational institutions and small businesses for the purpose of generating revenue to off-set the facility's operational costs. The City reserves specific areas to house the variety of recreation programs offered for citizens of all ages. The offices for the City's Recreation and Community Services Department are located on-site (Building C, Room 31).

When the City is not using the facilities for its classes and programs, it makes them available to the community for social, educational, athletic, and cultural activities. The available facilities include two banquet halls, several meeting rooms and classrooms, two gymnasiums, the football field, the plaza and adjacent athletic fields. In 2004 the City opened the newly renovated 800-seat Heritage Theatre. The policies governing the use of this facility are not contained within this policy, but are available by contacting the Theatre Manager at (408) 866-2797 or visiting our website at [www.cityofcampbell.com](http://www.cityofcampbell.com).

The purpose of the Building Use Policy is to assure that the facilities are utilized for recreational, cultural, educational, social and community service functions that meet the needs and interests of the community, as well as to set clear policies, procedures, regulations and rental fees regarding such uses.

COMMUNITY CENTER

**ACCESS TO WiFi AT THE COMMUNITY CENTER**

WiFi is generally available at the Community Center in the area surrounding the Heritage Theatre.

WiFi is also available in the Roosevelt Redwood Room (Q80) and the Mary Campbell Room (Q84) as well as in the backstage area of the Heritage Theatre. Access to these areas is available only through a scheduled use of those facilities, subject to applicable facility use fees. As with all WiFi systems, connection speeds may be slower when there are many users on the system. For classroom purposes, no more than 40 are recommended to be on the system at the same time.

Any facility rental client who is counting on the availability of WiFi services for the success of their use is required to notify Community Center office staff at the time they make their reservation (minimum 10 days in advance). If client requests the City's IT staff to perform a check of the system to assure its availability, that service can be provided for an IT service fee of \$50.00. City IT staff will then check the system to assure that the Internet connection and WiFi is properly working and/or make the necessary repairs, if possible, by the time of the scheduled use. NOTE: City Information Technology staff are available to meet with facility rental clients during the City's normal operating hours, and are not available on nights, weekends or City Holidays.

The City's IT staff will not configure or troubleshoot WiFi connection issues with non-City owned devices connecting to the WiFi service. The system check will be a verification that a City laptop can connect to the WiFi service, and subsequently connect to the Internet. The client/facility user is responsible for making sure that their clients'/students' laptops don't have any compatibility issues, and getting them set up on the wireless connection. Each computer can be different and City staff cannot provide this level of individual service – that is the client's responsibility.

The City shall not be responsible for any downtime on the Comcast-provided WiFi. If Comcast has a system-wide or area wide system failure affecting service in the Community Center, the City shall not be responsible for this service failure and the fees paid for the rental of the room shall remain in force and not subject to forfeiture for this reason.
